

## Our History!

We are a small family owned business. Guilio Bonazza was born in Breguzzo, Italy. He may not have passed down his dashing good looks, but he sure passed down a passion to cook! If you are a regular, you will see us cook, talk a lot, eat, wear flour as though it was a badge of honor, eat more, make you eat more and have a fantastic time. We value our employees as they are our own family. We love suggestions, so if you have a fantastic recipe, please share it. Who knows, it may just be the next big thing on our menu.

If you ever have a question, comment or concern, please contact one of us! It's our mission to make our family business a success!
