

## Our History!

We are a small family owned business. Guilio Bonazza was born in Breguzzo, Italy. He may not have passed down his dashing good looks, but he sure passed down a passion to cook! If you are a regular, you will see us cook, talk a lot, eat, wear flour as though it was a badge of honor, eat more, make you eat more and have a fantastic time. We value our employees as they are our own family. We love suggestions, so if you have a fantastic recipe, please share it. Who knows, it may just be the next big thing on our menu.

### We believe in:

Making the best product out on the market

Making our employees our family

Making our guests feel at home

Taking our time for a great product

Buying the best of everything

Making it homemade

You!

### What we don't believe in:

Making it too fast, we want it to be great not fast
